WORK EXPERIENCE

Software Developer

Jun 2023 — Present

Datapizza

Milan, Italy

- Early employee (#8) at fast-growing startup (datapizza.tech) that scaled to 80+ employees across multiple product lines and codebases
- Led frontend technical strategy for Datapizza Jobs, making strategic technology decisions and implementing architecture using modern technologies including TanStack Router, Vite, Next.js, ShadCN, and Turborepo
- Built and managed internal CRM system supporting 100,000+ candidate pipelines, driving key product decisions from conception to deployment
- Migrated the repository from 5 different frontend repositories to a single monorepo with Turborepo, from idea proposal, to managing team migration, codebase architecture, planning, and managing development itself
- Mentored two junior developers, conducting code reviews and establishing development frontend standards

Freelance Developer & Technical Founder

Sep 2022 — Present

Self-Employed

Milan, Italy

- Transform startup and app ideas into working products, delivering full development lifecycle from planning and branding to UI/UX design, secure development, SEO, documentation, and hosting
- Build production-ready applications for startup growth, adapting technology stack to project requirements and client needs
- Built Nutrivetpet from zero to production: complete pet nutrition platform serving 3,000+ monthly paying users, earning equity stake for technical leadership and strategic vision
- Developed mobile application for Sintesy featuring real-time socket connections to oxygen sensors for oxygen monitoring

EDUCATION

Bocconi University

Milan, Italy

Bachelor of Science in Economics, Management and Computer Science (BEMACS)

Aug 2025 — Jul 2028 (Expected)

- Highly selective interdisciplinary program combining quantitative skills, data science, machine learning, and business strategy
- Core focus: Mathematics, Statistics, Computer Science, Economics, Management, and Data-driven Decision Making

FAES Milano, Liceo Scientifico

Milan, Italy

High School Diploma, Scientific Track
